

Cookie Policy

Kavric • support@kavric.ai

This Cookie Policy explains how Kavric, Inc. uses cookies and similar technologies (collectively, "cookies") on our websites and in the Services.

1. What Are Cookies?

Cookies are small text files stored on your device. They allow websites to remember information about your visit, like login state or preferences.

2. Types of Cookies We Use

- Strictly necessary: required for authentication, security, and core functionality. These cannot be disabled.
- Preferences: remember settings such as language and theme.
- Analytics: help us understand how the Services are used so we can improve them.
- Marketing: used only with consent to measure campaign performance.

3. Third-Party Cookies

Some cookies are set by third parties we use, such as Stripe (payments) and analytics providers. These third parties have their own privacy and cookie policies.

4. Managing Cookies

You can manage your cookie preferences at any time via your browser settings or our Privacy Preferences page. Disabling strictly necessary cookies will prevent the Services from functioning properly.

5. Do Not Track

We currently do not respond to "Do Not Track" browser signals because no industry standard has been finalized. We honor Global Privacy Control (GPC) signals where required by law.

6. Changes

We may update this Cookie Policy from time to time. The "Last updated" date will reflect changes.
