How to Submit a Request

Account holders can manage most data directly inside the Kavric dashboard (Kavric Account). For requests we can't service from the app, email support@kavric.ai with:

- Your full name and email associated with your Kavric account.
- The right you are exercising.
- Enough detail for us to verify your identity (we may request additional verification).

We will respond within the time required by applicable law (generally 45 days for CCPA, 30 days for GDPR), with one extension as permitted.

Authorized Agents

California residents may use an authorized agent. We will require written authorization signed by you and verification of the agent's identity.

Appeals

If we deny your request, you may appeal by replying to our decision email. We will respond to appeals within the timeframe required by your jurisdiction.

Global Privacy Control

Kavric honors valid Global Privacy Control (GPC) signals as an opt-out preference signal where required by law.
